Sub: Correction of data on number of islands in all Administrations website - Regarding.

The Ministry of Home Affairs has constituted a sub group to reconcile the number of islands (both inhabited and uninhabited) of the country. As per the report, Andaman and Nicobar Islands has 836 islands/islets/rocky outcrops. In the IDA meeting held on 30.06.2018 under the Chairmanship of Hon'ble Prime Minister, it was decided to formulate a team to carry out joint survey of the 836 islands/islets/rocky outcrops. The Joint team has carried out the survey of all the 836 islands/islets/rocky outcrops except 06 North Sentinel group of islands. However, it has been observed that number of islands/islets/rocky outcrops shown in the websites of various departments are different from the report submitted by the sub group constituted by the MHA and the joint inspection report.

In order to have uniformity in websites of all departments of the Administration's, 836 islands/islets/rocky outcrops may be shown instead of number of islands.

It is, therefore, requested to kindly update the above information in all the websites of the Administration both hosted from the data centre as well as NIC with immediate effect.

Secretary (Planning)

U.O. No. 9-11/2020-PL dated 25th July, 2020
